Faire d'un simple interrupteur un objet d'art. Une audace qui inspire la société **óixtes** à dessiner des collections d'appareillage design conjuguant luxe et modernité.

Fasciné par les métiers d'arts et amoureux des matériaux nobles, son créateur, **Marc Gresset**, s'appuie sur l'héritage de savoir-faire précieusement élaborés au fil des siècles pour donner vie à des objets singuliers. Fusion de l'art et du métal, son matériau de prédilection, patines précieuses, couleurs profondes, art du **guillochage**, **la tradition**, exclusivement française, se perpétue dans quatre gammes de produits innovants aux lignes pures et raffinées. De véritables créations d'**orfèvre**...

Making a simple switch a work of art. A daring idea that inspires the company **óixtes** to create collections of designer fittings combining luxury and modernity.

Fascinated by arts and crafts and a lover of fine materials, its designer, **Marc Gresset**, draws on the heritage of an expertise carefully developed over the centuries to give life to unique objects. A fusion of art and metal, his preferred material, precious patinas, deep colours, **the art of guillochage**, **a French tradition**, is perpetuated in four innovative product ranges with sleek and refined lines. Genuine creations by an expert in metal artwork...

INOX LINE

Toute la puissance du métal révélée par les mains de l'homme.
Brossé, sablé, poli miroir, patiné, nickelé... Le matériau brut est sublimé
et offre une large palette de finitions qui conjugue force et tradition.
De cette alchimie entre l'homme et la matière naît "INOX LINE".
Résolument sobre et épurée.

*All the strength of the metal revealed by the human hand.
Brushed, sandblasted, mirror polished, patinated, nickel plated... The raw material is sublimed
and offers a wide range of finishes, which combines strength and tradition.
From this alchemy between man and matter was born the "INOX LINE".
Resolutely sober and refined.*

"J'aime jouer avec le métal. Sous mes doigts, il fusionne, change de couleur et révèle ses secrets. Je le sens vibrer. Il vit."

"I like playing with the metal. Under my fingers it changes colour and reveals its secrets. I feel it vibrate. It comes to life."

Une gamme qui emprunte aux belles automobiles leurs couleurs profondes où se reflète la lumière.

Avec ses pièces uniques habillées de carters en métal poli, "L'ÉLÉGANTE" s'expose.

A la fois moderne et luxueuse.

As sleek and elegant as a luxury car.

A range that draws upon the deep colours, in which light is reflected, of beautiful cars.

With its unique pieces with polished metal casings, the "ELEGANT" range is shown off.

Both modern and luxurious.

"Peintures luxueuses, courbes pures, chromes rutilants... Cet esthétique m'a toujours fait rêver. Je m'en suis inspiré pour cette collection."

VINTAGE

L'alliance subtile du rétro et de la modernité.

Des formes généreuses, des rondeurs sensuelles : avec la "VINTAGE", on remonte le temps et l'objet se fait culte.

Espiègle, elle se joue des codes et se pare de tous les styles, personnalisables à l'envie.

Contemporaine dans l'âme.

The subtle mix of retro and modernity.

Generous forms, sensual curves: with "VINTAGE", we go back in time and the object becomes cult.

Mischievous, it plays with the codes and assumes all the styles, it is customisable at will.

It has a contemporary soul.

"Je suis séduit par l'esprit féminin de cette gamme. Elle me parle différemment : avec elle, on sort de la force pour entrer dans la douceur. J'aime son côté nostalgique."

"I am seduced by the femininity of this range. It means something different to me: with it, you move away from strength towards softness. I like its nostalgia."
